Online Pretest Examination Process:

1. Once you enter the OTP and proceed, your exam starts and your attendance will be counted. Now you cannot go back or cancel the registration. You will be asked to give access of the camera or webcam, click 'Allow'.

Note: If proceed to exam is not functioning then go to your browser setting and allow camera. Allow Camera option normally available at (Chrome-setting>>Privacy and security, Firefox-Menu>>Privacy and security>>setting, Edge- Settings and more (three-dotted)>> Permissions, Opera- Settings>> Advanced>> Privacy and security)

2. Read the question carefully, see the marks allocated for the question, select the correct answer, and click next for the next question.

- 3. If you are not confident to select the correct answer then you have following three options
 - a. Either you just leave the question as incomplete and go to next question.

b. Or you can only mark the question for review alter on during the examination session and go to next question.

c. Or you can select the probable option then mark for review and go to next question.

- 4. You can change any answers either completed or marked any time unless you click 'End Exam' or the time completes. You can see your remaining time in the left side of the screen.
- 5. You can also review your progress during the examination session. Clicking on 'Review All' will display all questions in a single screen. Total number of selected (completed), marked for review and incomplete answers will be displayed in Green, Orange and Red Color in the screen. You can click any question you want to review and go to previous or next question.
- 6. If you want to review marked questions only, you can click 'Review Marked', select the question and go to previous or next question. Similarly, if you want to review incomplete questions only, click 'Review Incomplete', select the question and go to previous or next.

- 7. During the examination if your device shuts down or internet cuts off, you can continue your exam from another device. You need to login from another device, go to pretest registration, click 'Exam Details' and proceed, you need to put your OTP again and proceed. Your selected answers before shut down will be available to you and you need to complete it within remaining time. However, you will not be provided grace time for down time.
- 8. Once you complete selecting the correct answers you can 'End Exam'. Your selected answers will be counted for evaluation whether you have marked or not.
- 9. After you end the exam, you can view your result of PASS or FAIL immediately. However, your marks will be provided in 'Pretest Result' in 'Student Login' portal after elapse of 3 working days of completion of online pretest examination. In case, you could not 'End Exam' within the provided time, your exam will be ended automatically and submitted for evaluation.

Note- You can raise your query or any problem you faced during online pretest examination to the email <u>education@ican.org.np</u>
