Publication of Valuation Manual, 2083

Date:2083/04/05

The Institute of Chartered Accountants of Nepal (ICAN) is pleased to announce the publication of the "**Valuation Manual, 2083.**" The Manual has been developed to promote transparency and uniformity in valuation practice by aligning fundamental valuation concepts, methods, and real-world challenges with Nepal's specific legal and regulatory framework.

It is designed as a practical, hands-on reference for Chartered Accountants and valuation practitioners across the country, intended to support the exercise of sound professional judgment across diverse valuation scenarios.

Practitioners are advised to read this Manual alongside applicable statutory laws, regulatory directives, and ethical standards, and to adapt its guidance to the specific facts and circumstances of each engagement.

The "Valuation Manual, 2083" has been uploaded to the ICAN website under the [Laws/Legislation](#) section and can be accessed directly through the link below:
