Notice of Webinar

Members' Consultation on "Certification Course on Data Analytics and Artificial Intelligence (AI)"

The Institute with the objective to enhance members' knowledge and competencies in data analytics and artificial intelligence, has initiated development of a 75 hours "Certification course on Data Analytics and Artificial Intelligence". The course aims to equip members and stakeholders with skills required in today's data driven business environment and strengthen their analytical and technological capabilities.

Hence, to ensure that the course material of the certification course is relevant and suitable for Accounting Professionals to practically apply data analytics and AI in their practice and business, the Institute intends to organize a webinar on the below mentioned date and time to discuss the probable use case scenario to be incorporated in the certification course. The Interested members are requested to register through the link provided below:
